FEDERAL GRAND JURY INDICTS FIVE IN CLEAN-UP OF PITTSBURGH BOOTLEG RING INVOLVING PROMINENT OFFICERS

Former Council Dailey, Brewing Company Official and Two Former Prohibition Enforcement Group Heads Now Held For Court

STIFFLER IS ONE OF THOSE INDICTED

Pittsburgh, Pa., Feb. 7.—John H. Dailey, former councilman, and four other men, all well known in the eastern part of Pennsylvania, were indicted by the Federal Grand Jury sitting here to look into alleged violations of the liquor laws. The Grand Jury finished its work yesterday but the indictments were not read to the court until this morning. The indictments charge the five defendants with bootlegging and conspiracy to violate the national prohibition laws. Dailey is now the mercantile appraiser of Allegheny county.

In addition to Dailey the net spread by Attorney General Harry Daugherty's department to catch the traitors to the oath they took as enforcement officers caught Morris McGrath, former prohibition enforcement agent of Pittsburgh and Johnstown, and O. R. Stiffler, at one time group head at Johnstown and later at Punxsutawney. It was Stiffler that Mayor Coughlin of Johnstown was after when he issued his "beer" edict some months ago, and as a result of that fiasco, Stiffler was quickly moved to Punxsutawney. Once in Punxsutawney Stiffler got busy and came over into this county where he made several drags. He was in charge of the group that raided Mahaffey, Coalport and Clearfield distilleries in Lee County near Curry Run. Stiffler was dismissed from the service just after that raid and the reason for the dismissal is explained by the action of the Federal Grand Jury at Pittsburgh.

The other two men indicted are Vincent Schonhardt of the Jenners Brewing Company of Johnstown and Adelbert Sumner, an attorney of Washington, D. C.

This investigation has been conducted by Special Assistant to Daugherty, Mr. Littleton, who came to Pittsburgh to handle the case. The evidence which led to the indictment was given by Sol Grill, former division prohibition chief, who accepted a \$33,000 bribe from the parties indicted and four special agents who mingled with the bootleggers and secured evidence to prove that those indicted were members of a gigantic bootlegging ring which was dispensing thousands of dollars to make bootlegging easy for them but hard for the other fellow.

Immediately after the indictments were returned bench warrants were issued by Federal Judge Gibson and bail was set at \$5,000 each.

Because of the killing in Pittsburgh recently of a wealthy bootlegger who it was believed was going to turn state's evidence, the government took no chances, keeping all witnesses under constant surveillance.

Grill Is Guarded.

When not engaged in the jury room Mr. Grill loitered about the third floor of the Federal Building, talking to friends and new acquaintances, and paid but little attention to a group of prohibition agents and other government men, assigned to keep close watch on the important government witness and prevent any possible attack being made on him. Mr. Grill laughed at fears of the higher government officials that an attempt might be made to do him bodily harm. He said he had no such fear and showed it many times by evading the guards.

Among the guards were four prohibition agents from Utah, each heavily armed with large calibre revolvers. These men recently reported to Division Chief A. L. Helahn for duty in Pennsylvania. These and other guards accompanied Mr. Grill to and from the Federal Building and also when he went for lunch at noon. The guards were placed on instructions sent to Pittsburgh from Washington.

COMMISSIONERS' REPORT SHOWS THE JAIL IS IN NEED OF A THORO CLEANING

Under Pennsylvania law the County Commissioners of the different counties are required to make an annual statement concerning the county jail in which is set out the condition of the jail as the Commissioners found it upon the occasion of their official visit together with a census or list of the prisoners in custody at the jail during the year and any recommendations these officials see fit to make. This report is furnished the Court and then filed in the office of the Prothonotary.

The first report of the Clearfield County Commissioners was filed with Prothonotary Ralston yesterday and in view of the coming Grand Jury investigation, at which Rev. Richard A. Hatch is scheduled to appear, the report is interesting at this time. Rev. Hatch in his remarks concerning the jail, which won for him his subpoena, sort of mildly hinted there was something the matter with the jail. The County Commissioners appear to be of the same opinion as a perusal of their report will show to say nothing of the recent house cleaning down that way.

Here is what the Commissioners' official report says regarding the jail:

To the Honorable Singleton Bell, P. J.

In compliance with the Act of Assembly, approved the 10th day of May, 1921, we, the undersigned County Commissioners of Clearfield County, do hereby submit the following report for the previous calendar year, beginning with Jan. 1, 1922.

During the calendar year referred to there were 296 prisoners admitted to the county jail, fifteen of whom were females, and 270 discharged, and on the first day of January,

SENATOR BETTS AND ASSEMBLYMAN JONES FOR THE DRY LAW

While there has never been any doubt as to where Senator Wm. I. Betts and Assemblyman Chas. B. Jones stand on the proposed dry law, the following from the DuBois Courier will be interesting.

"Senator Betts of Clearfield altho he has had no opportunity to study the bill said he would support the bill and expressed his opinion that the measure would pass the upper branch by a good majority. He said that he was dry and would give the bill his hearty support.

After reading Section 8 rather hastily, the clause of the search and seizure provisions, he said that it appeared more drastic in the opening paragraphs than toward the end where in the act provision is made that 'no search warrants shall issue to search any private dwelling occupied as such unless intoxicating liquor is unlawfully manufactured, sold or furnished therein or unless any mash, still or other property designed for the unlawful manufacture of intoxicating liquor is therein kept or unless it, or some part of it, is used as a store, shop, saloon, restaurant, hotel, boarding house, warehouse, public garage or other place of business or unless such private dwelling is a place of public resort.'

Representative Charles B. Jones, Ramey, said he favored the measure while the other Clearfield House member, W. Haley Betts, of DuBois, indicated that he did not favor search and seizure provisions because of the danger of abuse of the law. He asked that he was not prepared to make any further comment at present, preferring to wait until he has given the proposed law careful study."

Mr. Geo. Thurston is visiting her daughter Mrs. Ed. Brown in DuBois, Pa.

TEXT OF "DRY" LAW INDICATES THAT IT WILL BE JUST WHAT IS IMPLIED BY THE NAME IT BEARS

Harrisburg, Feb. 7.—Following is the full text of the prohibition enforcement measure introduced in the Legislature Monday night with the endorsement of the administration:

AN ACT
Concerning alcoholic liquors prohibiting the manufacture, transporting, furnishing, traffic in and possession of intoxicating liquors for beverage purposes, and articles and substances designed or intended for use in the manufacture thereof; providing for penalties, forfeitures and the abatement of nuisances; and repealing existing alcoholic liquor laws and alcoholic liquor license laws.

Section 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same, that this entire act be an exercise of the power granted by Article XVIII of the Constitution of the United States and of the police power of this Commonwealth for the protection of public welfare, health, peace, safety and morals of the people of this Commonwealth, and all of its provisions shall be liberally construed for the accomplishment of these purposes.

DEFINITIONS
Section 2. (a) The phrase "intoxicating liquors" as used in this act, shall mean anything, found and determined, from time to time, to be intoxicating by act of Congress passed pursuant to, and in the enforcement of, the Constitution of United States of America.

(b) The word "person" shall mean and include natural persons, associations, partnerships and corporations for whatever purpose organized.

(c) The word "officer" shall mean and include all sheriffs, deputy sheriffs, constables, State and municipal policemen, county and city detectives, or any other persons authorized to serve warrants.

(d) The term "private dwelling" shall be construed not only in its ordinary sense, but also to include the room or rooms used and occupied not transiently, but solely as a residence in an apartment house, hotel or boarding house.

Manufacture and Traffic Forbidden.
Section 3. It shall be unlawful for any person to manufacture, sell, offer for sale, barter, furnish, transport, possess or deliver within or import into or export out of this Commonwealth any intoxicating liquor for beverage purposes, except as hereinafter provided.

Exemption as to private dwelling.
Section 4. It shall not be unlawful, however, to possess intoxicating liquor for beverage purposes in one's bona-fide private dwelling, while the same is occupied and used by him as his dwelling only, provided such liquor was lawfully acquired prior to the passage of this act and is for use only for the personal consumption of the owner thereof and his family residing in such dwelling, and of his bona-fide guests when entertained by him therein, which entertainment shall not be deemed an unlawful furnishing; provided, however, that the burden of proof shall be upon the possessor in any action concerning the same to prove that such intoxicating liquor was lawfully acquired, possessed and used.

Advertising and Manufacture of and Traffic in Implements, Substances, etc., used to manufacture.
Section 5. It shall be unlawful for any person to advertise, manufacture, sell, offer for sale or possess for sale any utensil, contrivance, machine, preparation, compound, tablet, capsule, confection, substance, formula, direction or recipe designed or intended for use in the unlawful manufacture of intoxicating liquor.

Nuisances.
Section 6. Any room, house, building, boat, vehicle, structure or place where intoxicating liquor is manufactured, sold, offered for sale, bartered, furnished or possessed, in violation of this act, and all intoxicating liquor and property kept or used in maintaining the same, is hereby declared to be a common nuisance, and any person who maintains such a common nuisance shall be guilty of a misdemeanor and upon conviction thereof shall be subject to the penalties hereinafter provided.

Abatement of Nuisance By Means of Injunction.
Section 7. An action to enjoin any nuisance defined in this act may be brought in the name of the Commonwealth of Pennsylvania by the Attorney General of the State, or by the District Attorney of the respective county, or by the solicitor of any municipality. Such action shall be brought and tried as an action in equity and may be brought in any court having jurisdiction to hear and determine equity cases within the county in which the offense occurs. If it is made to appear by affidavit or otherwise, to the satisfaction of the court, that such nuisance exists a temporary writ of injunction shall forthwith issue restraining the defendant from conducting or permitting the continuance of such nuisance until the conclusion of the proceedings.

If a temporary injunction is played for, the Court may issue an order restraining the defendant and all other persons from removing or in any way interfering with the intoxicating liquor or other things used in connection with the violation of this act constituting such nuisance. No bond shall be required in instituting such proceedings. It shall not be necessary for the Court to find the property involved was being unlawfully used as aforesaid at the time of the hearing; but on finding that the material allegations of the petition are true, the Court shall order that no intoxicating liquors shall be manufactured, sold, offered for sale, bartered, furnished or possessed in such room, house, building, structure, boat, vehicle or place, or any part thereof.

Upon the decree of the Court ordering such nuisance to be abated, the Court may order that the room, house, building, structure, boat, vehicle or place shall not be occupied or used for one year thereafter; but the Court may, in its discretion, permit it to be occupied or used if the owner, lessee, tenant or occupant thereof shall give bond with sufficient surety, to be approved by the Court making the order, in the penal and liquidated sum of not less than five hundred dollars (\$500), payable to the Commonwealth of Pennsylvania for use of the county in which said proceedings are instituted, and conditioned that intoxicating liquor will not thereafter be manufactured, sold, offered for sale, bartered, furnished, possessed or otherwise disposed of therein or thereon and that he will pay all fines, costs and damages that may be assessed for any violation of this act upon said property.

Harding Pleads Before Joint Session for Early Action On Debt Refunding and Shipping

BRITAIN PROMPTLY ANSWERS TURK ULTIMATUM WITH DISPATCH OF A CRUISER TO THE SMYRNA HARBOR

London, Feb. 7.—The Angora Government today promulgated an order requiring all warships of over 100,000 tons to leave Smyrna harbor before midnight.

In response Great Britain sent a warship of over 100,000 tons to see what would happen.

A British cruiser of heavy tonnage is now speeding towards Smyrna and is expected to reach there this afternoon. It is believed there is little likelihood of any trouble as the Smyrna harbor is poorly fortified and Turkey recognizes the strength of Great Britain's navy.

The British are determined not to permit Turkey to issue any ultimatum.

TURK AND RUSSIAN ENVOYS LEAVE NEAR EAST PARLEY WITH INSULTING REMARKS

Lausanne, Feb. 7.—Both the Turks and the Russians left Lausanne today and rumblings of war in the Near East followed on their heels. Ismet Pasha, recalcitrant to the last, packed his baggage early this morning and departed, leaving a few secretaries "in case the Allies change their minds." The Russian delegation protesting the decision of the Allies allowing warships in the Straits also left. Before Pasha left he told the newspaper men that the Allies could find him at Angora at any time during the next three weeks if they desired.

FRENCH PUSH LINES FARTHER INTO THE HEART OF THE RUHR

Essen, Feb. 7.—French troops in the Ruhr advanced all along the line today, occupying seven more towns, and pushed into a great deal of hitherto unoccupied territory.

GERMANY TO APPEAL TO WORLD POWERS FOR AN OPINION

Berlin, Feb. 7.—The German government has decided to poll the remaining Allies and possibly the neutrals as to how they stand on the French occupation of the Ruhr. It is understood that the Cuno government has decided on this course in an effort to bring the opinion of the world to bear on France.

Last Of Occupation Army Will Step On American Soil Today

Savannah, Georgia, Feb. 7.—The United States Army of Occupation reached American waters today. They were awaited with a welcome that had all the enthusiasm of war time days. The St. Michel with 1200 doughboys on board is now at quarantine and is expected to dock about three o'clock this afternoon.

Pinchot Denies That Lewis And He Have Serious Differences

Harrisburg, Pa., Feb. 6.—Governor Pinchot characterizes the reports of hostility between Auditor General Lewis and himself as "hot air." That is all "hot air" he said "and I made that assertion here in the reception room this morning in the presence of the Auditor General. Everything between us is as smooth as the summer seas," he added. "I see the Auditor General nearly every day and discuss fiscal policies with him."

WARNS AGAINST USE OF DEBT MONEY FOR BONUS TO SOLDIERS

Tells Congress That Any Payments Made By England Should Be To Redeem Bonds.

MESSAGE IS BRIEF

Washington, D. C., Feb. 7.—Presenting the agreement for the repayment of the British debt to the United States to Congress in a brief message today, President Harding characterized the agreement as the "first clearing of the war clouded skies in a debt burdened world."

"The settlement," he further declared in speaking to a joint session of the House and Senate, "is in effect a pledge against more and more expenditures and a right adherence to debt reduction and retrenchment which enhances stability precisely as it discharges obligations."

The President asked Congress to approve of the settlement speedily. Coupled with the request was a warning against spending the money to be received from Great Britain on a soldier bonus or any other project, pointing out that the debt had already been pledged as payment on Liberty bonds soon to be due and payable.

Mr. Harding also took occasion to again ask action on the ship subsidy saying it was just as important to stop losses by the government as to collect obligations to it. He frankly demanded a vote in the Senate on the measure.

Mr. Pentz is an earnest advocate of the public library as an educational and recreational advantage and having made a careful study of the subject his message will be well worth hearing.

ODDS AND ENDS AND THINGS

By J. D. C.

France's bill against Germany for reconstruction and other French expenditures recoverable under the Treaty of Versailles amounted at the end of 1922 to 97,533,000,000 francs. The figures have been presented in detail for the first time in the official Bulletin de Statistique.

The debts incurred by France which are recoverable from Germany are itemized by the Bulletin de Statistique as follows:

	Mil. Francs
I. Public debt	13,418
II. Military expenses	
Military services	20,679
Keep Army of Occu.	3,747
Penses of civil services:	
Liberated regions	58,852
Miscellaneous outlay	2,887
Total	97,533
Yearly Expenditure	
The above figures include expenditures made by France from 1914 to 1922, inclusive, and the expenditure for each year is given as follows:	

Million	France	Million	France
1914	372	1919	15,481
1915	372	1920	15,481
1916	1,914	1921	22,279
1917	2,274	1922	21,423
1918	4,081	1923	23,084

In explanation of the foregoing figures the Bulletin de Statistique says:

"Under the title 'Public Debt' are included besides annuities (568,000,000 francs for the service of loans contracted from the year 1921 as the result of agreements signed with the Credit National and with the war sufferers themselves,) the arrears of the military pensions adjusted in accordance with the law of March 31, 1919, and the pensions to the civil victims of the war allowed under the Law of June 24, 1919 (altogether 3,808,000,000 francs in 1921, and 3,552,000,000 francs in 1922.)

"Almost all of the charges for Military Services are composed of allowances granted to families of drafted men as well as to civil victims of the war; money paid to war prisoners, and bonuses to invalided men; pensions paid in advance; the upkeep of prisoners; the operation of the National Office for wounded and invalided; centers for invalided and wounded men, expenses of destruction and removal of munitions, and restoration of damaged military cantonments.

"Under the 'Military Expenses', but stated separately, are included appropriations made for the account of 'unkeep of the army of occupation in foreign countries; these appropriations are for the purpose of meeting the expenses of the Haut-Commissariat de La Republique in the provinces of the Rhine and for the needs of the troops stationed in the Rhine territory and in the territories subject to the plebiscite (Haute-Silesie and Memel.)

The U. S. Senate passed a resolution the other day which authorizes the reimbursement of two and one quarter millions of dollars out of the government treasury to a couple

of sugar importing houses for losses sustained on the importation of Argentine sugar in 1920. Not a word is said in the resolution about refunding to the consumers of the U. S. A. of the millions taken from them by these same sugar importers on their daily boost of retail prices from 1917 to 1921. That's different.

Great Britain's total indebtedness to the United States is \$4,746,862,560.29, excluding from the calculation the interest payments of \$100,000,000 made last year, the rate for which was not then adjusted. The total also includes \$61,000,000 due for Pittman silver advances, on which a payment agreement has been reached.

The debt is divided as follows:
Principal \$4,186,813,358.44
Accrued interest.. 611,044,201.85
The contemplated change in the interest rate from 5 to 4 per cent. prior to the refunding settlement would reduce the \$611,044,201.85 to \$519,387,571.37, meaning a saving to Great Britain of \$91,656,630.48.

Deducting the Pittman silver obligation \$100,000,000 of interest payments last year and the \$91,656,630.48 saving from the total, the amount to be refunded is \$4,494,206,928.81. Under the American plan of 3 per cent. interest and an amortization fund of one-half of 1 per cent. the minimum payments permissible from Great Britain in the first year are:

Interest at 3%	\$134,826,177.90
Sinking fund of one-half of one per cent	22,471,029.65
Total minimum payment for first year	\$158,297,197.55
The total indebtedness of all nations to the United States is	\$11,656,952,737.45

1923, there were 26 prisoners confined therein, one of whom was a female.

The management of the jail and care of the prisoners has been entrusted to the Sheriff, Thomas J. Lowell, who also occupies by appointment the office of Warden, Mrs. Thomas J. Lowell as Matron, and with the assistance of Mr. H. E. Hummelsbaugh, Deputy Sheriff.

We have inspected the institution, revealing the fact that the whole interior of the building should be thoroughly overhauled; the cells should either be frescoed, painted or calcimined. The plaster within some of the cells being cracked and full of holes should be repaired. The bathroom we believe should be entirely refitted, and in fact the whole interior of the institution by reason of its antiquated construction should be changed to meet the requirements of the present day.

In compliance with the Act of Assembly approved the 20th day of April, 1921, which provides that each prisoner shall be examined for venereal disease we have instructed our jail physician, Dr. A. D. Cowditch, to perform this duty under the rules of the State Department of Health. All of which is respectfully submitted.

Didn't Bother Her. Josephine had been disobedient and mother tried to reproach her by saying: "Would you like such a naughty girl to sleep in your room, and wear your clothes, and look in your nice new mirror?" To which Josephine replied: "O, not any one else, but I don't mind having myself—I'm used to her."

CLEARFIELD BUSINESS MEN ENDORSE LEGION CAMPAIGN

We, the undersigned organization, take this occasion publicly to state that we endorse the movement to enroll every ex-service man in the great patriotic organization, the American Legion.

The problems which confront the nation following the coming of peace demand the interest of red-blooded men, of patriotic men. Membership in the American Legion means that you are shoulder to shoulder with the men who will ever be on guard to see to it that Old Glory will continue to proudly fly over a nation that was mighty in war and forgiving in peace.

You service men enroll your names upon the records of the American Legion. The proudest men in this community and in every other community should be those who enjoy the privilege of wearing the service button which is notice that they are members of The Legion, the backbone of America.

Hard to Imagine.

In whatever way it comes to pass, we know that when we see a new star we are witnessing the actual explosion of a sun. You know what occurs when a few grains of gunpowder are ignited, try to imagine the same thing happening to a huge globe weighing billions upon billions of tons! The force created is a million billion times greater than that of an explosion of dynamite.

What a grim widow, mother? asked Amy "Oh don't bother," evaded the mother "Wait till you grow up." But I want to know now," persisted Amy "I'll tense you straight along if you don't tell." Well, answered the mother "let us suppose that your father were to leave me for a long time. I would be a glass widow then. And would you be a glass widow?" Inquired the in-terested Amy.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

"Dick" Lantz has resigned his position with the Helmbold-Stewart insurance company, representing Curwensville branch. Press of other business required about all of his extra time. Dick has entered the list of coal barons, operating and shipping from a hole in the ground known as the Fasuma diamond mine.

Kelly Bloom is around again and able to attend to the operating of coal mine situated a few miles below town.

Miss Dorothy Wolf left yesterday for a trip to Pittsburgh and Buffalo.

About one week ago the Progress Curwensville man noted the fact that a new coal company had been organized by local men of this town and elsewhere. By courtesy of J. Howard Thompson, we are in line to give to the public the names of those connected with this new venture, the same perfecting the organization yesterday and plotting the required number of officers. The concern will do business under the name of the M.

and N. Coal Company. J. Howard Thompson was chosen as president, L. C. Norris as secretary and treasurer. Messrs. C. O. Norris, A. Z. Wolf and John W. Norris of Curwensville, and Don Mahaffey and F. C. Mahaffey are the other men who are in the venture. The Robert Mahaffey coal property, consisting of some 2,800 acres, and underlain with the Moshannon vein, has been taken over, the purchase lying opposite the N. Y. C. railroad at Mahaffey. This new corporation proposes to start operating this coal field at an early date.

We were slightly in error in the statement that 10,000 tons of wagon coal was shipped from this point a week or so ago. We are going to acknowledge the error and say that we misunderstood the statement of Mr. Smith. The figure should have been 1000 tons.

There will be a great howling among the Yellow Dog clan in this community some of these nights, as a number of the yellow hair breed will be driven into the kennel and kept in confinement until the juke-meat bones have been devoured by those who have run the trail and made their kill.

REHEARSING EVERY NIGHT NOW FOR "SPRING MAID"

Starting with last night, the cast for "The Spring Maid" will rehearse every night until the night of the performance at the Driggs Theatre, Wednesday, February 21st.

The difficulties that local talent have to overcome in an opera of the calibre of "The Spring Maid" will thus be overcome and the performance will doubtless be the best that has ever been shown by an entirely local cast.

The chorus which consists of thirty voices are now perfecting themselves in the choral work and the catchy dances that have their place in the score of the play. There is a swing to every one of the choruses that will make you want to try and whistle them the day following the performance.

There is no doubt but what "The Spring Maid" is bigger than anything ever attempted by local folks, far surpassing The Mikado in magnitude.

Skin Ablaze with Eczema

Constant Itching Almost Unbearable

We know there is one thing that stops eczema, and that is more red-blood-cells! S. S. S. builds them by the million! You can increase your red-blood-cells to the point where it is practically impossible for eczema to exist. We know that as

Blood-cells increase in number, blood impurities vanish! We also know that night follows day. Both are facts! But have you, eczema sufferer, ever actually taken advantage of this wonderful fact? These hands just like you have never thought about it! Skin eruptions, eczema with all its fiery, skin-digging torture and its soul-torturing, unbearable itching, pimples, blackheads and boils, they all pack up and go, when the tide of blood-cells begins to roll in! Blood-cells are the fighting giants of nature! S. S. S. builds them by the million! It has been doing it since 1892! S. S. S. is one of the greatest blood-cell builders, blood-cleansers and body-builders known to us mortals! When you put these facts together—when to continue to have eczema and skin eruptions looks more like a sin than a disease. Mrs. Arthur W. Smith, Pearl St., Newark, Ohio, writes:

"My little girl had a very bad case of eczema. She began taking S. S. S. and in a few days I think you very much. I tell my friends what a good medicine it is. I cannot tell too much about it, for I know it is O. K."

Here is your opportunity. S. S. S. contains only vegetable medicinal ingredients. Because S. S. S. does build red-blood-cells, it cures rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run down. S. S. S. is sold at all drug stores, in two sizes. The larger size bottle is the more economical.

Houtzdale Opera House To Be Sold March 1st

This Play House Is Undoubtedly One of the Best Paying Ones in the Central Part of the State.

SEATING CAPACITY 1,000

We are authorized to announce that the Houtzdale Opera House will be offered at public sale on Thursday, March 1, 1923.

It is a well-known fact that there is no better patronized play house in the county or in the central part of the State than the Houtzdale Opera House, and especially is this so in normal times.

In a radius of some six miles this play house draws from a patronage of at least 15,000 people and as an evidence that it does this will readily be witnessed by visiting the opera house any evening during the rendition of the program.

The house is equipped to comfortably seat 1000 and it is a common occurrence to see it filled twice during the evening's program. The stage, one of the largest outside of the city theatres, is in dimensions 40x65 feet, while the opera house proper is 65 feet wide and 120 feet deep, in good repair with steam heat installed.

For any person or persons wishing to get into a good theatre proposition which is sure to make good, should investigate this proposition at once.

Best of reasons are given by the Houtzdale Opera House Company for disposing of the property. Any information regarding the sale of this building can be furnished by John Mills, President, or Martha Ward, Secretary, Houtzdale, Pa.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turn
Gray, Faded Hair Dark
and Glossy

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays we simply pick up at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and easily. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick, glossy and you look years younger.

SOME GOOD ADVICE

Kidney disease is too dangerous to neglect. At the first sign of back ache, headache, dizziness or urinary disorders, you should give the weak ened kidneys prompt attention. Lighten the diet, take things easier and use a reliable kidney tonic. There is no other kidney medicine so well recommended as Doan's Kidney Pills. Clearfield people rely on them. Here's one of the many statements from Clearfield people.

Mrs. Mary C. Pasmore, 419 W. Front St., Clearfield, says: "I have suffered off and on for a good many years with kidney trouble. When an attack has come on my back has been lame and sore and I have had bearing-down pains across my kidneys. My kidneys acted too frequently and I had nervous spells. I used Doan's Kidney Pills at such times and they always eased the pains through my back and head, regulated my kidneys and removed the nervous and dizzy spells."

FEDERAL GRAND JURY INDICTS FIVE IN CLEAN-UP OF PITTSBURGH BOOTLEG RING INVOLVING PROMINENT OFFICERS

Former Council Dailey, Brewing Company Official and Two Former Prohibition Enforcement Group Heads Now Held For Court

STIFFLER IS ONE OF THOSE INDICTED

Pittsburgh, Pa., Feb. 7.—John H. Dailey, former councilman, and four other men, all well known in the western part of Pennsylvania, were indicted by the Federal Grand Jury sitting here to look into alleged violations of the liquor laws. The Grand Jury finished its work yesterday but the indictments were not read to the court until this morning. The indictments charge the five defendants with bootlegging and conspiracy to violate the national prohibition laws. Dailey is now the mercantile appraiser of Allegheny county.

In addition to Dailey the net spun by Attorney General Harry Daugherty's department to catch the traitors to the oath they took as enforcement officers caught Morris McGrath, former prohibition enforcement agent of Pittsburgh and Johnstown, and O. R. Stiffler, at one time group head at Johnstown and later at Punxsutawney. It was Stiffler that Mayor Coughlin of Johnstown was after when he issued his "beer" edict some months ago, and as a result of that fiasco, Stiffler was quickly moved to Punxsutawney. Once in Punxsutawney Stiffler got busy and came over into this county where he made several drags. He was in charge of the group that raided Mahaffey, Coalport and Clearfield distilleries in Lee County near Curry Run. Stiffler was dismissed from the service just after that raid and the reason for the dismissal is explained by the action of the Federal Grand Jury at Pittsburgh.

The other two men indicted are Vincent Schonhardt of the Jenners Brewing Company of Johnstown and Adelbert Sumner, an attorney of Washington, D. C.

This investigation has been conducted by Special Assistant to Daugherty, Mr. Littleton, who came to Pittsburgh to handle the case. The evidence which led to the indictment was given by Sol Grill, former division prohibition chief, who accepted a \$33,000 bribe from the parties indicted and four special agents who mingled with the bootleggers and secured evidence to prove that those indicted were members of a gigantic bootlegging ring which was dispensing thousands of dollars to make bootlegging easy for them but hard for the other fellow.

Immediately after the indictments were returned bench warrants were issued by Federal Judge Gibson and bail was set at \$5,000 each.

Because of the killing in Pittsburgh recently of a wealthy bootlegger who it was believed was going to turn state's evidence, the government took no chances, keeping all witnesses under constant surveillance.

Grill Is Guarded.

When not engaged in the jury room Mr. Grill loitered about the third floor of the Federal Building, talking to friends and new acquaintances, and paid but little attention to a group of prohibition agents and other government men, assigned to keep close watch on the important government witness and prevent any possible attack being made on him. Mr. Grill laughed at fears of the higher government officials that an attempt might be made to do him bodily harm. He said he had no such fear and showed it many times by evading the guards.

Among the guards were four prohibition agents from Utah, each heavily armed with large calibre revolvers. These men recently reported to Division Chief A. L. Helahn for duty in Pennsylvania. These and other guards accompanied Mr. Grill to and from the Federal Building and also when he went for lunch at noon. The guards were placed on instructions sent to Pittsburgh from Washington.

Under Pennsylvania law the County Commissioners of the different counties are required to make an annual statement concerning the county jail in which is set out the condition of the jail as the Commissioners found it upon the occasion of their official visit together with a census or list of the prisoners in custody at the jail during the year and any recommendations these officials see fit to make. This report is furnished the Court and then filed in the office of the Prothonotary.

The first report of the Clearfield County Commissioners was filed with Prothonotary Ralston yesterday and in view of the coming Grand Jury investigation, at which Rev. Richard A. Hatch is scheduled to appear, the report is interesting at this time. Rev. Hatch in his remarks concerning the jail, which won for him his subpoena, sort of mildly hinted there was something the matter with the jail. The County Commissioners appear to be of the same opinion as a perusal of their report will show to say nothing of the recent house cleaning down that way.

Here is what the Commissioners' official report says regarding the jail:

To the Honorable Singleton Bell, P. J.

In compliance with the Act of Assembly, approved the 10th day of May, 1921, we, the undersigned County Commissioners of Clearfield County, do hereby submit the following report for the previous calendar year, beginning with Jan. 1, 1922.

During the calendar year referred to there were 296 prisoners admitted to the county jail, fifteen of whom were females, and 270 discharged, and on the first day of January,

BRITAIN PROMPTLY ANSWERS TURK ULTIMATUM WITH DISPATCH OF A CRUISER TO THE SMYRNA HARBOR

London, Feb. 7.—The Angora Government today promulgated an order requiring all warships of over 100,000 tons to leave Smyrna harbor before midnight.

In response Great Britain sent a warship of over 100,000 tons to see what would happen.

A British cruiser of heavy ton-

nage is now speeding towards Smyrna and is expected to reach there this afternoon. It is believed there is little likelihood of any trouble as the Smyrna harbor is poorly fortified and Turkey recognizes the strength of Great Britain's navy. The British are determined not to permit Turkey to issue any ultimatum.

TURK AND RUSSIAN ENVOYS LEAVE NEAR EAST PARLEY WITH INSULTING REMARKS

Lausanne, Feb. 7.—Both the Turks and the Russians left Lausanne today and rumblings of war in the Near East followed on their heels. Pinchot Denies That Lewis And He Have Serious Differences

Harrisburg, Pa., Feb. 6.—Governor Pinchot characterizes the reports of hostility between Auditor General Lewis and himself as "hot air." Everything between us is as smooth as the summer seas," he added. "I see the Auditor General nearly every day and discuss fiscal policies with him."

New York City, Feb. 7.—The Atlantic seaboard from New England to the Carolinas is today blizzard swept. New York City lays under a five-inch blanket of snow and a hurricane is reported howling off Cape Hatteras. Eastern trains are running three hours late.

WARNS AGAINST USE OF DEBT MONEY FOR BONUS TO SOLDIERS

Tells Congress That Any Payments Made By England Should Be To Redeem Bonds.

MESSAGE IS BRIEF

Washington, D. C., Feb. 7.—Presenting the agreement for the repayment of the British debt to the United States to Congress in a brief message today, President Harding characterized the agreement as the "first clearing of the war clouded skies in a debt burdened world."

"The settlement," he further declared in speaking to a joint session of the House and Senate, "is in effect a pledge against more and more expenditures and a right adherence to debt reduction and retrenchment which enhances stability precisely as it discharges obligations."

The President asked Congress to approve of the settlement speedily. Coupled with the request was a warning against spending the money to be received from Great Britain on a soldier bonus or any other project, pointing out that the debt had already been pledged as payment on Liberty bonds soon to be due and payable.

Mr. Harding also took occasion to again ask action on the ship subsidy saying it was just as important to stop losses by the government as to collect obligations to it. He frankly demanded a vote in the Senate on the measure.

ODDS AND ENDS AND THINGS

By J. D. C.

France's bill against Germany for reconstruction and other French expenditures recoverable under the Treaty of Versailles amounted at the end of 1922 to 97,533,000,000 francs. The figures have been presented in detail for the first time in the official Bulletin de Statistique.

The debts incurred by France which are recoverable from Germany are itemized by the Bulletin de Statistique as follows:

	Mil. Francs
I. Public debt	13,418
II. Military expenses	
Military services	20,679
upkeep Army of Occupation	3,747
penses of civil services:	
Liberated regions	58,852
Miscellaneous outlay	2,837
Total	97,533
Yearly Expenditure	
The above figures include expenditures made by France from 1914 to 1922, inclusive, and the expenditure for each year is given as follows:	

Million	France	Million	France
1914	372	1919	15,481
1915	372	1920	15,481
1916	1,914	1921	22,279
1917	2,274	1922	21,423
1918	4,081	1923	23,084

In explanation of the foregoing figures the Bulletin de Statistique says:

"Under the title 'Public Debt' are included besides annuities (568,000,000 francs for the service of loans contracted from the year 1921 as the result of agreements signed with the Credit National and with the war sufferers themselves,) the arrears of the military pensions adjusted in accordance with the law of March 31, 1919, and the pensions to the civil victims of the war allowed under the Law of June 24, 1919 (altogether 3,808,000,000 francs in 1921, and 3,552,000,000 francs in 1922.)

"Almost all of the charges for Military Services are composed of allowances granted to families of drafted men as well as to civil victims of the war; money paid to war prisoners, and bonuses to invalided men; pensions paid in advance; the upkeep of prisoners; the operation of the National Office for wounded and invalided; centers for invalided and wounded men, expenses of destruction and removal of munitions, and restoration of damaged military cantonments.

"Under the 'Military Expenses', but stated separately, are included appropriations made for the account of 'unkeep of the army of occupation in foreign countries; these appropriations are for the purpose of meeting the expenses of the Haut-Commissariat de La Republique in the provinces of the Rhine and for the needs of the troops stationed in the Rhine territory and in the territories subject to the plebiscite (Haute-Silesie and Memel.)

The U. S. Senate passed a resolution the other day which authorizes the reimbursement of two and one quarter millions of dollars out of the government treasury to a couple

of sugar importing houses for losses sustained on the importation of Argentine sugar in 1920. Not a word is said in the resolution about refunding to the consumers of the U. S. A. of the millions taken from them by these same sugar importers on their daily boost of retail prices from 1917 to 1921. That's different.

Great Britain's total indebtedness to the United States is \$4,746,862,560.29, excluding from the calculation the interest payments of \$100,000,000 made last year, the rate for which was not then adjusted. The total also includes \$61,000,000 due for Pittman silver advances, on which a payment agreement has been reached.

The debt is divided as follows:
Principal \$4,386,813,358.44
Accrued interest.. 611,044,201.85
The contemplated change in the interest rate from 5 to 4 per cent. prior to the refunding settlement would reduce the \$611,044,201.85 to \$519,387,571.37, meaning a saving to Great Britain of \$91,656,630.48.
Deducting the Pittman silver obligation \$100,000,000 of interest payments last year and the \$91,656,630.48 saving from the total, the amount to be refunded is \$4,494,206,928.81. Under the American plan of 3 per cent. interest and an amortization fund of one-half of 1 per cent. the minimum payments permissible from Great Britain in the first year are:

Interest at 3%	\$134,826,177.90
Sinking fund of one-half of one per cent	22,471,029.65
Total minimum payment for first year	\$158,297,197.55
The total indebtedness of all nations to the United States is	\$11,656,952,737.45

1923, there were 26 prisoners confined therein, one of whom was a female.

The management of the jail and care of the prisoners has been entrusted to the Sheriff, Thomas J. Lowell, who also occupies by appointment the office of Warden, Mrs. Thomas J. Lowell as Matron, and with the assistance of Mr. H. E. Hummelsbaugh, Deputy Sheriff.

We have inspected the institution, revealing the fact that the whole interior of the building should be thoroughly overhauled; the cells should either be frescoed, painted or calcimined. The plaster within some of the cells being cracked and full of holes should be repaired. The bathroom we believe should be entirely refitted, and in fact the whole interior of the institution by reason of its antiquated construction should be changed to meet the requirements of the present day.

IT WAS HELL!

And we're all glad it's over. But you and I Buddy, both feel mighty good to know that we did our part when we were needed. And it's going to be a lot of pleasure to us when our kids get to the history class in school and can say "My dad helped lick 'em!" Didn't Bother Her. Josephine had been disobedient and mother tried to reproach her by saying: "Would you like such a naughty girl to sleep in your room, and wear your clothes, and look in your nice new mirror?" To which Josephine replied: "O, not any one else, but I don't mind having myself—I'm used to her."

In compliance with the Act of Assembly approved the 20th day of April, 1921, which provides that each prisoner shall be examined for venereal disease we have instructed our jail physician, Dr. A. D. CLEARFIELD BUSINESS MEN ENDORSE LEGION CAMPAIGN

We, the undersigned organization, take this occasion publicly to state that we endorse the movement to enroll every ex-service man in the great patriotic organization, the American Legion.

The problems which confront the nation following the coming of peace demand the interest of red-blooded men, of patriotic men. Membership in the American Legion means that you are shoulder to shoulder with the men who will ever be on guard to see to it that Old Glory will continue to proudly fly over a nation that was mighty in war and forgiving in peace.

You service men enroll your names upon the records of the American Legion. The proudest men in this community and in every other community should be those who enjoy the privilege of wearing the service button which is notice that they are members of The Legion, the backbone of America.

The investigation of conditions at the Clearfield county jail by the present Grand Jury is scheduled for Friday next. The Grand Jury will have its other inquiry or work completed by this time and, as the condition of the jail is a matter of public concern, the Grand Jury hearing should be a public one. The court room is available and we feel satisfied would be filled by interested taxpayers with the notice that the public would be privileged to hear the testimony.

The investigation of the jail does not hinge on a criminal prosecution and therefore is not to be construed as a "closed door" hearing such as the law provides for all criminal cases where indictable offenses are alleged, and therefore Judge Bell and Foreman Clark would make no mistake by having the hearing in public. The taxpayers are entitled to hear every word of testimony concerning the condition of the jail.

In addition to the Rev. Richard Hatch it is likely several other witnesses will be heard and, as the question at issue concerns the public vitally, the hearing should be public and the public officers directing the investigation should appreciate that fact and make it a public hearing.

Text Of "Dry" Law Indicates That It Will Be Just What Is Implied

Continued from Page One

otherwise, it shall be his duty to seize any and all intoxicating liquor found therein being transported contrary to law, with or without warrant. Whenever intoxicating liquor transported or possessed illegally shall be so seized by any officer, he shall take possession of the vehicle and team, or motor vehicle, boat, air or water craft, or any other conveyance or receptacle, and shall arrest any person in charge thereof. Such officer shall proceed as to make information against the person or persons so arrested and shall forthwith file an inventory of the property so seized with the magistrate and serve a copy of such inventory on the party in charge at the time of seizure.

The intoxicating liquor and receptacle so seized shall be disposed of as hereinafter provided; the vehicle, team, conveyance or craft, however, shall be returned to the owner upon the execution by him of a good and valid bond, with sufficient sureties, in double the value of the property, to be approved by the magistrate, alderman or justice of the peace, or a Judge of the Court of Quarter Sessions, conditioned that the said vehicle, team, conveyance or craft shall be delivered to the District Attorney of the county, or the person designated by him at the time of the condemnation proceedings, hereinafter provided, to abide the judgment of the court, or otherwise to remain in full force and virtue, said bond to be payable to the Commonwealth of Pennsylvania, for the use of the county in which said conviction is had. Said bond shall be returned to the Court of Quarter Sessions and there held to abide the final disposition of the case.

On or before the return of the information and proceedings had thereon to the Court of Quarter Sessions of the peace, it shall be the duty of the officer having custody of said vehicle, team, conveyance or craft, unless bond has previously been given, to deliver possession of said vehicle, team, conveyance, craft, or receptacle to the District Attorney of the county to which said return is made, or the person designated by him, to abide the judgment of the Court as hereinafter provided.

Fine and Imprisonment.
Section 10. Any person who shall violate any of the provisions of this act shall be guilty of a misdemeanor, and upon conviction thereof, shall be

sentenced to pay a fine of not less than one hundred dollars (\$100) nor more than five thousand dollars (\$5000) or undergo an imprisonment of not more than three (3) years, or both, at the discretion of the Court.

Method of Disposing of Seized Property.

Certain seized property declared contraband and forfeited. Provisions for disposal of same.

Section 11. (A) No property rights shall exist in any intoxicating liquor or property designed for the manufacture or sale of intoxicating liquor intended for use in violating any of the provisions of this act or which has been so used, but upon possession of use of any such intoxicating liquor or property in violation of this act the same shall be deemed contraband and shall be forfeited to the Commonwealth.

Upon the transportation of intoxicating liquor in violation of this act, the wagon, buggy, team, motor vehicle, water or air craft or other vehicle or receptacle in which it is so transported shall be forfeited to the Commonwealth, subject to the provisions herein set forth.

No such intoxicating liquor or property or vehicle, team, conveyance, craft, receptacle or other property, when in the custody of the law or of any officer shall be seized, or taken therefrom on any writ of replevin or other like process.

(B) If upon hearing before the Court of Quarter Sessions or a Judge thereof it appears that any such intoxicating liquor or property so in the custody of the law or of any officer was so possessed or intended for use in violating any of the provisions of this act or has been so used, such intoxicating liquor and property shall be adjudged forfeited and condemned and shall be disposed of as hereinafter provided; or if upon such hearing it appears that any vehicle, team, conveyance, craft, receptacle, or other property seized under the provisions of this act had been used for the unlawful transportation of intoxicating liquor, such vehicle, team, conveyance, craft, receptacle and other property shall be adjudged forfeited and condemned and shall be disposed of as hereinafter provided unless the Court shall otherwise order.

0-Indicates Item does not appear on Sheriff's Destroy Seized Property List.

(I) Upon conviction of any person

of a violation of this act the Court shall order and direct the sheriff of the county to destroy all such condemned intoxicating liquor and property seized or obtained from such defendant or defendants and make return to the Court of compliance with said order. Except that any vehicle, team, conveyance or craft seized under the provisions of this act shall be disposed of as hereinafter provided.

(II) In any case in which (A) the defendant is acquitted of a violation of this act and denies the ownership or possession thereof, or (B) no claimant appears for same, or (C) appearing is unable to sustain his claim therefor, the Court shall order all such condemned intoxicating liquor and property (except vehicles, teams, conveyances and crafts) publicly destroyed by the sheriff of the county.

(III) In the case of any vehicle, team, conveyance or craft seized under the provisions of this act and condemned as aforesaid, (A) and the one in possession thereof at the time of seizure is acquitted of violation of this act and denies the ownership or possession thereof, or (B) no one shall be found claiming the same, or (C) a claimant appearing fails to sustain his right of title thereto and lawful possession thereof, the Court shall order a public sale thereof by the sheriff of the county, notice of which sale shall be given in the same manner as notice is required to be given of the sale of personal property under a writ of fieri facias.

Revocation of Motor License.

(C) In addition to the provisions aforesaid, the Court shall, in its order of condemnation and in every conviction under this act where it shall appear that intoxicating liquor was unlawfully transported in a motor vehicle, declare that the license issued by the State Highway Department for any motor vehicle so forfeited and condemned or issued to any defendant convicted of transporting intoxicating liquor in any motor vehicle shall be revoked, and it shall be the duty of the clerk of the court in which such conviction is had, or order of condemnation made, to certify such conviction to the State Highway Commissioner, who shall suspend or revoke the license issued for such motor vehicle or to such person, and no other license shall be issued for such person for such motor vehicle for a period of one (1) year following such suspension or revocation.

Method of Procedure.

(D)-(1) The proceedings for the forfeiture or condemnation of all property, the destruction or sale of which is provided for in subsections (II) and (III) of clause (B) of this section shall be in rem in which the Commonwealth shall be the plaintiff and the property the defendant. A petition shall be filed in the Court of Quarter Sessions of the Peace, verified by oath or affirmation of any officer or citizen, containing the following: (A) a description of the property so seized; (B) a statement of the time and place where seized; (C) the owner, if known; (D) the person or persons in possession, if known; (E) an allegation that same had been possessed or used, or was intended for use in violation of this act; (F) and a prayer for an order of forfeiture that the same be adjudged forfeited to the Commonwealth and condemned and be ordered sold or destroyed (as the case may be), according to law, unless cause may be shown to the contrary.

(II) A copy of said petition shall be served personally on said owner if he can be found within the jurisdiction of the court, or upon the person or persons in possession at the time of the seizure thereof. Said copy shall have indorsed thereon a notice as follows: "To the claimant of within described property: You are required to file an answer to this petition, setting forth your title in and right of possession of said property, within fifteen (15) days from the service hereof, and you are also notified that if you fail to file said answer a decree of forfeiture and condemnation will be entered against said property." Said notice shall be signed by petitioner or his attorney or the District Attorney.

When Owner Is Unknown.

(III) If the owner of said property

is unknown or outside the jurisdiction of the court and there was no person in possession of said property when seized or such person is in possession cannot be found within the jurisdiction of the court, notice of said petition shall be given by the Sheriff by advertising in a newspaper of general circulation published in the county where such property shall have been seized, once a week for three (3) successive weeks. Said notices shall contain a statement of the seizure thereof, the place and date of seizure, and shall direct any claimants thereof to file a claim therefor on or before a date given in said notice, which date shall not be less than twenty-one (21) days from the date of the first publication.

(IV) Upon the filing of any claim for said property setting forth a right of possession thereof the case shall be deemed at issue and a time fixed for the hearing thereof.

(V) At the time of said hearing, if the Commonwealth shall produce evidence that the property in question was unlawfully possessed or used, the burden shall be upon the claimant to show (a) that he is the owner of said property; (b) that he lawfully acquired the same; (c) that it was lawfully used and possessed by him; and (d) in the event that it shall appear that the property was unlawfully used by a person other than the claimant, then such claimant shall show that such unlawful use was without his knowledge or consent.

Method of Recovery.

(VI) Any person claiming the ownership or right of possession to any intoxicating liquor, vehicle, team, conveyance, craft or other property, the disposition of which is provided for in this section, may, at any time prior to the sale thereof, present his petition to the Court alleging his lawful ownership or right of possession thereof, and if, upon public hearing thereon, due notice of which having been given to the District Attorney, such claimant shall prove by competent evidence to the satisfaction of the Court that said intoxicating liquor, vehicle, team, conveyance, craft, or property was lawfully acquired, possessed and used by him, or if it appearing that the property was unlawfully used by a person other than the claimant, he shall prove that such unlawful use was without his knowledge or consent, then the Court may order the same returned to said claimant, or otherwise it shall be destroyed or sold (as the case may be) as herein above provided.

(VII) Unless either the Commonwealth or the claimant shall demand a jury trial within five (5) days after the conclusion of the hearing, the right to such jury trial shall be deemed to have been waived.

(E) The provisions of this section shall apply to the disposition of any intoxicating liquor or property in the custody of the law or of any officer at the time of the passage of this act.

The County Commissioners to provide facilities for storage.

Section 12. The County Commissioners of each county shall provide the District Attorney with suitable facilities for the storage and safe keeping of all intoxicating liquor or other property seized or held under the provisions of this act.

Sufficiency of Evidence.

Nature of Pleadings.

Section 13. In any prosecution under this act, when proof has been given in evidence of the manufacture, sale, offering for sale, bartering, furnishing, transportation, possession

delivery, importation or exportation of any intoxicating liquor, the same be prima facie evidence that the same was so manufactured, sold, offered for sale, bartered, furnished, transported, possessed, delivered, imported or exported, and such presumption shall not apply to the manufacturing, furnishing, transportation, possession, delivery, importation or exportation of medicines, nor to the sale of such by registered pharmacists and regularly licensed physicians, nor shall it apply to anything used for beverage purposes or to any ordinary use for culinary purposes. And this act shall not apply to such extracts when intended to be used for flavoring anything which, when so flavored, shall not violate the provisions of this act.

No person excused from testifying—immunity. Liable for perjury.

Section 14. No person shall be excused on the ground that it may tend to incriminate him or subject him to a penalty or forfeiture from attending and testifying or producing books, papers, documents and other evidence in obedience to a subpoena of any court in any suit or proceeding alleged upon or growing out of any alleged violation of this act, but no natural person shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter or thing to which, in obedience to a subpoena and under oath, he may so testify or produce evidence, but no person shall be exempt from prosecution and punishment for perjury committed in so testifying.

Prosecution of Old Offenses.

Savings clause.

Section 15. Nothing in this act shall affect any case in which it shall appear that the crime therein charged was committed prior to the date of the approval hereof, but such offenders may be prosecuted and punished as if this act had not been passed, and in accordance with laws then in force and for such purpose such laws are hereby specifically saved from repeal.

Delivery by Common Carriers.

Jurisdiction of offense when delivery made by carrier.

Section 16. In case of a sale or furnishing of intoxicating liquor where the delivery thereof was made by a common or other carrier (whether the same be an interstate shipment or an intrastate shipment) the sale and furnishing and delivery shall be deemed to be made in the county wherein the delivery was made by such carrier to the consignee, his agent or employee, or in the county wherein the sale was made, or from which the shipment was made, and prosecution for such sale or furnishing or delivery may be had in any such county. A prosecution in one county may be pleaded in bar of a prosecution in another county for the same offense. The court in the county first securing jurisdiction shall proceed to final disposition of the action.

If any section held invalid remainder of act in force.

Section 17. If any provision of this act shall be held by any Court to be unconstitutional, such judgment shall not affect any other section or provision of the same. It is hereby declared as a legislative intent that this

act would have been passed had such unconstitutional provision not been included therein.

Brooks and Womer Acts Repealed.

Repealing clause.

Section 18. The following acts and parts of acts, viz., the act approved the thirtieth day of May, one thousand eight hundred and eighty-seven (Pamphlet laws, one hundred and eighty-eight) entitled "An act to restrain and regulate the sale of vinous and spirituous, malt or brewed liquors, or any admixtures thereof, and its amendment approved the fifth day of May, one thousand eight hundred and eighty-seven (Pamphlet laws, four hundred and twenty-one) entitled "An act amending an act, approved the thirtieth day of May, one thousand eight hundred and eighty-seven, entitled "An act to restrain and regulate the sale of vinous and spirituous, malt or brewed liquors, or any admixtures thereof" by prohibiting the manufacture, sale, offering for sale, transportation, importation, exportation, furnishing, or possession for beverage purposes, of anything determined and found to be intoxicating by act of Congress passed pursuant to and in the enforcement of the Constitution of the United States of America; and by restraining and regulating the sale of vinous, spirituous, malt or brewed liquors, or admixtures thereof, for beverage purposes, other than such as are, from time to time determined and found to be intoxicating by any such act of Congress," and the same are hereby repealed.

All other acts and a part of acts inconsistent with this act are hereby repealed. The repeal of any such act shall not operate to review any act, general, local or special, heretofore repealed or superseded.

The Gout.

When men first see the cannot, it was so frightened his vast estate that he fled away. After a time, perceiving the weakness and gentleness of his temper, he summoned courage enough to approach him. Some wards, observing that he was an apt fellow altogether deficient in spirit, he assumed such airs as to get a bridle in his mouth, and to set a child to drive him. Use arises to overcome dread.—From Addison's Fables.

Why Sparrows Thrive.

The sparrow is stout, sturdy, sturdy. It will eat anything that is anywhere. It has several breeds a year. It is like some of the weeds among plants like the rat among mammals. It fits the conditions in which it lives. It survives and multiplies where other birds barely hold their own. Hence it is the fittest to survive in the conditions in which it lives.

Savory Feline.

"In some respects," remarked Mr. Grampson, "women are smarter than men. It takes a self-made man a long time to get used to having a ladies around, but in less than six months after they become rich his wife, who rose from poverty with him, can refer to Dawkins in offhand manner as an 'old family retainer'."—Birmingham Age-Herald.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

"Dick" Lantz has resigned his position with the Helmbold-Stewart insurance company, representing Curwensville branch. Press of other business required about all of his extra time. Dick has entered the list of coal barons, operating and shipping from a hole in the ground known as the Fasuma diamond mine.

Kelly Bloom is around again and able to attend to the operating of coal mine situated a few miles below town.

Miss Dorothy Wolf left yesterday for a trip to Pittsburgh and Buffalo.

About one week ago the Progress Curwensville man noted the fact that a new coal company had been organized by local men of this town and elsewhere. By courtesy of J. Howard Thompson, we are in line to give to the public the names of those connected with this new venture, the same perfecting the organization yesterday and plotting the required number of officers. The concern will do business under the name of the M.

and N. Coal Company. J. Howard Thompson was chosen as president, L. C. Norris as secretary and treasurer. Messrs. C. O. Norris, A. Z. Wolf and John W. Norris of Curwensville, and Don Mahaffey and F. C. Mahaffey are the other men who are in the venture. The Robert Mahaffey coal property, consisting of some 2,800 acres, and underlain with the Moshannon vein, has been taken over, the purchase lying opposite the N. Y. C. railroad at Mahaffey. This new corporation proposes to start operating this coal field at an early date.

We were slightly in error in the statement that 10,000 tons of wagon coal was shipped from this point a week or so ago. We are going to acknowledge the error and say that we misunderstood the statement of Mr. Smith. The figure should have been 1000 tons.

There will be a great howling among the Yellow Dog clan in this community some of these nights, as a number of the yellow hair breed will be driven into the kennel and kept in confinement until the juke-meat bones have been devoured by those who have run the trail and made their kill.

REHEARSING EVERY NIGHT NOW FOR "SPRING MAID"

Starting with last night, the cast for "The Spring Maid" will rehearse every night until the night of the performance at the Driggs Theatre, Wednesday, February 21st.

The difficulties that local talent have to overcome in an opera of the calibre of "The Spring Maid" will thus be overcome and the performance will doubtless be the best that has ever been shown by an entirely local cast.

The chorus which consists of thirty voices are now perfecting themselves in the choral work and the catchy dances that have their place in the score of the play. There is a swing to every one of the choruses that will make you want to try and whistle them the day following the performance.

There is no doubt but what "The Spring Maid" is bigger than anything ever attempted by local folks, far surpassing The Mikado in magnitude. —Adz.

Skin Ablaze with Eczema Constant Itching Almost Unbearable

We know there is one thing that stops eczema, and that is more red-blood-cells! S. S. S. builds them by the million! You can increase your red-blood-cells to the point where it is practically impossible for eczema to exist. We know that as

Blood-cells increase in number, blood impurities vanish! We also know that night follows day. Both are facts! But have you, eczema sufferers, ever actually taken advantage of this wonderful fact? These hands just like you have never thought about it! Skin eruptions, eczema with all its fiery, skin-digging torture and its soul-torturing, unbearable itching, pimples, blackheads and boils, they all pack up and go, when the tide of blood-cells begins to roll in! Blood-cells are the fighting giants of nature! S. S. S. builds them by the million! It has been doing it since 1892! S. S. S. is one of the greatest blood-cell builders, blood-cleansers and body-builders known to us mortals! When you put these facts together—when you compare them with the facts of your own life—you will have eczema and skin eruptions look more like a sin than a disease. Mrs. Arthur W. Smith, Pearl St., Newark, Ohio, writes:

"My little girl had a very bad case of eczema. She began taking S. S. S. and in a few days I think you very much. I tell my friends what a good medicine it is. I cannot tell too much about it, for I know it is O. K." Here is your opportunity. S. S. S. contains only vegetable medicinal ingredients. Because S. S. S. does build red-blood-cells, it cures rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run down. S. S. S. is sold at all drug stores, in two sizes. The larger size bottle is the more economical.

S.S.S. makes you feel like yourself again

Dynamite Hard to Explode.
Curiously enough, one of the softest substances is dynamite, which is amongst the most violent of all explosives. Except in very exceptional circumstances, dynamite will not explode unless it receives an intensely hot flash from some kind of detonator. Difference in Humanity.
In human relationships it has often been observed that there are a group of individuals who are invariably successful in their undertakings, pleasant to deal with, and stimulating to those with whom they come into contact. On the other hand, there is an equally large group who, with the same opportunities, are more or less failures, are unpleasant to deal with, and have a depressing effect upon others.—Irving J. Sands.

London's Ivory Warehouse.
One of the most wonderful places in the London docks is the ivory warehouse, where tusks of the value of half a million pounds are usually in stock. About 50 tons of ivory are used every year for making knife handles and for decorative work. The value of the material is about \$1,000 (\$3,000) per ton.

Fingers Made Musical.
Musicians need long and supple fingers. Those whose fingers are short, and who have musical ambitions may be interested to know that a European has invented a machine that will make musical fingers. The hand is inserted in the machine and pressure is applied in such a way as to stretch the bone and flex the joints, without pain or injury, so the inventor says.

Houtzdale Opera House To Be Sold March 1st

This Play House is Undoubtedly One of the Best Paying Ones in the Central Part of the State.

SEATING CAPACITY 1,000

We are authorized to announce that the Houtzdale Opera House will be offered at public sale on Thursday, March 1, 1923.

It is a well-known fact that there is no better patronized play house in the county or in the central part of the State than the Houtzdale Opera House, and especially is this so in normal times.

In a radius of some six miles this play house draws from a patronage of at least 15,000 people and as an evidence that it does this will readily be witnessed by visiting the opera house any evening during the rendition of the program.

The house is equipped to comfortably seat 1000 and it is a common occurrence to see it filled twice during the evening's program. The stage, one of the largest outside of the city theatres, is in dimensions 40x65 feet, while the opera house proper is 65 feet wide and 120 feet deep, in good repair with steam heat installed.

For any person or persons wishing to get into a good theatre proposition which is sure to make good, should investigate this proposition at once.

Best of reasons are given by the Houtzdale Opera House Company for disposing of the property. Any information regarding the sale of this building can be furnished by John Mills, President, or Martha Ward, Secretary, Houtzdale, Pa. Adv.

HAVE YOU A FAMILY?

This Advice is of Vital Importance To You
Johnston, Pa.—"Dr. Pierce's Golden Medical Discovery restored my little boy to health when all else had failed. He had the influenza and pneumonia from which he could not seem to recover. He could not eat and would cough so at night that he could not sleep. He became weak and thin, nothing I gave him in the way of medicine helped him. I had about given up the idea that he would ever be well when I was advised to give him Dr. Pierce's Golden Medical Discovery in small doses. And it has completely cured him. He is now fat and robust, seldom ever coughs and has a splendid appetite. I appreciate the good 'Golden Medical Discovery' did my boy and shall always recommend it."—Mrs. Fannie H. SOME GOOD ADVICE

Kidney disease is too dangerous to neglect. At the first sign of back ache, headache, dizziness or urinary disorders, you should give the weak ened kidneys prompt attention. Lighten the diet, take things easier and use a reliable kidney tonic. There is no other kidney medicine so well recommended as Doan's Kidney Pills. Clearfield people rely on them. Here's one of the many statements from Clearfield people.

Mrs. Mary C. Pasmore, 419 W. Front St., Clearfield, says: "I have suffered off and on for a good many years with kidney trouble. When an attack has come on my back has been lame and sore and I have had bearing-down pains across my kidneys. My kidneys acted too frequently and I had nervous spells. I used Doan's Kidney Pills at such times and they always eased the pains through my back and head, regulated my kidneys and removed the nervous and dizzy spells."

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turn Gray, Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays we simply pick up any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and easily. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick, glossy and you look years younger.
